

British author David Icke, a former news anchorman for BBC News, has traveled all over the world and written 16 books concerning the secretive, vile plan for World Government by the Illuminati's world elites. David's books reveal the "unseen forces" that are behind schemes and orchestrated calamities we see today, stamped by him as the *Reptilian Agenda*. Many have labeled David as the "most controversial speaker" on planet earth, yet the events he predicted during the 20<sup>th</sup> century concerning global surveillance and microchipping have amazingly come to past now in the 21<sup>st</sup> century.

Please see [David's website](#) for research on World Government, Secret Societies, Satanism and more, and also his contribution to The History Channel's documentary on 'Secret Societies' located at the bottom of our Home Page.

The below is an extract of David Icke's account on the true identity of President Barak Obama.

*"Obama has been the chosen one for a long time, a fact known only to a few in the deep inner circle . . . Does anyone really believe that someone, a 'man of the people', would simply appear from apparently nowhere to run the slickest and best-funded presidential campaign in American history? He was chosen long ago by those who wish to enslave the very people that Obama says he wants to 'set free'."*

I am writing this in the last days of 2008 as I watch with dismay as vast numbers of people across the world, including many who should know better, have been duped by the mind-game called Operation Obama.

Even people with some understanding of the conspiracy have said things like: 'Well, at least he's not Bush' and 'Well, at least it's great to see such a new spirit of hope'. No, he's not Bush - he's potentially *far* more dangerous; and what is the use of a spirit of 'hope' if it's based on a lie? Thus, their man, Obama, sells 'hope' as a diversion technique, a holding position, to keep the masses from truly rebelling. We have no job, no food on the table and our home has been foreclosed, but at least we have 'hope'. Phew, thank goodness for that.

Obama's predominant mantra has been 'change'. Indeed, his massively-funded, record-breaking campaign was based on that one word - *change*. This is a technique used by Bill Clinton and many others and it is highly effective because, at any point, the system ensures that most people are not happy with the way life is. So, when you don't like the status quo, 'change' can be a potent message, even if, like Obama, you don't say what it means.

It has been vital to his success, and that of his controllers, that he has never specified what his 'hope', 'change', and that other mind-control trigger-word, 'believe', were referring to in terms of policy and the way society in general will be affected. Hope for *what*? Change *what*? Believe in *what*? To answer

those questions with specifics would have been fatal to Obama's appeal.

I studied the military/government mind-control programmes and techniques in great detail for many years during the late-1990s and across 2000, and the Obama 'phenomenon' is the most blatant mass-mind control operation you could wish to see.

At its core the plan has been to make Obama the focus of everything you hope for, believe in and want to change. This is why it has been crucial for him not to specify and detail what is meant by his 'hope', 'change' and 'believe'.

However, I can tell you what those words mean in the context of the Obama mind-game. They mean whatever *you* decide they mean or *want* them to mean. The idea is for you to project all that you stand for onto him and so he becomes the symbol of you and how you see the world. Specifics would destroy that 'I am whatever you want me to be' scenario and so you don't get any detail, just 'hope', 'change', and 'believe'.

Obama's speeches are a mass of mind-control techniques and Neuro-Linguistic-Programming, or NLP, and they are carefully constructed to implant beliefs and perceptions into the mind of the viewer. Obama may not look like Hitler, nor sound like Hitler, but the themes are just the same. Germany was in a terrible state economically and militarily in the 1930s in the aftermath of the First World War and the reparations inflicted on the country by the Rothschild/Illuminati-controlled Versailles 'Peace' Conference in 1919.

From amid the chaos came the man that Germans saw then in much the same way that so many see Obama today. His name was Adolf Hitler and his oratory and rhetoric, again supported by a ritualistic presentation founded on mind-control techniques, made him appear to be the German 'messiah', the German *Obama*.

Hitler promised 'change', 'hope' and something to 'believe in' amidst the consequences of war and financial collapse. He spoke to vast rallies of adoring followers and a mass movement emerged in support of Hitler's vision of a new tomorrow.

As the writer Webster Tarpley points out, fascism in its true sense is not just a Police State imposed by a tiny hierarchy. It might end up like that, but first it is brought to power by a mass movement from within the people who have no understanding of what the 'change', 'hope' and 'believe' they are being offered really means. They just know that they want some because, as with Obama, they make it mean what they want it to mean. Only later do they see, to their horror, what they have signed up for.

*Obama's America ...*

*... Hitler's Germany.*

*There may seem to be a world of difference, but the techniques are just the same.*

Obama is far more dangerous than Bush because he can sell a line to those who are in the trance while Boy Bush could not do that on anything like the same scale. Bush was a transparent idiot with no communication skills who needed massive fraud at the polls to get him officially 'elected'. He could never be the figurehead to inspire a mass movement of the people to support some vacuous 'hope', 'change' and 'believe' when they don't even know what those words are supposed to mean.

But Obama clearly can, because he has.

One of 'his' (his controllers') prime targets are the young, just as they were with the Nazis and the Hitler Youth Movement. If you think this parallel is far-fetched then have a look at this video to see how extreme Obama worship has already become for some young people. Hitler Youth was just the same.

There is an 'image' that Obama is against war, but *no he's not*. He says he's against the invasion of Iraq, though we'll see what he does about that in office. How can a man calling for more troops, including European troops, to be sent to Afghanistan be against war? He has also said he is prepared to bomb Pakistan and use military force to stop Iran building nuclear weapons and he has appointed Hillary 'Let's bomb 'em' Clinton (Bilderberg Group, Trilateral Commission, Council on Foreign Relations) as Secretary of State and re-appointed Bush's 'Let's bomb 'em' Secretary of Defense, Robert Gates (Bilderberg Group, Council on Foreign Relations). So that's the 'change we can believe in', then.

Obama isn't against war at all and, if his controllers have their way, he will engage the US in even more foreign conflicts with the troops sent to their deaths, and the deaths of their targets, on a wave of oratory from the dark suit with the black face who would never go where he's sending *them*.

He claims to be a 'uniter', which is exactly what Bush said about himself before he came to office, but unity in and of itself is not the issue. Nazi Germany had unity in the early years of the war, but was that a good thing? What matters is what the unity is designed to achieve and Obama's much-vaunted 'unity' is to 'inspire' a mass movement to support the Orwellian plans of the Illuminati.

His constant rhetoric about 'bringing people together' can be used to justify the 'coming together' of the United States, Canada and Mexico in the North American Union; it can be used to concede America's sovereignty to the 'coming together' of the 'world community' (world dictatorship); it can be used to unite the believers in their opposition and condemnation of non-believers, which is precisely what happened in Nazi Germany with the book-burning and violent suppression of those who challenged the Hitler regime.

You only have to look at the cabal behind Obama, and those he has already appointed to his administration team, to see what his 'change' is truly planned to be. His mentor, svengali and main controller is Zbigniew Brzezinski, Jimmy Carter's National Security Advisor, and the co-founder, with David Rockefeller, of the Illuminati's Trilateral Commission.

As an Illuminati operative, Brzezinski's aim is to create a world government, central bank, currency and army - a global dictatorship - underpinned by a microchipped population connected to a global computer/satellite system. He wrote a book in 1970, *Between Two Ages: America's Role in the Technetronic Era*, in which he described the global society that he and the Illuminati seek to impose:

*'The technetronic era involves the gradual appearance of a more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject to instantaneous retrieval by the authorities.'*

He also said in the same book nearly 40 years ago:

*'Today we are again witnessing the emergence of transnational elites ... [Whose] ties cut across national boundaries ... It is likely that before long the social elites of most of the more advanced countries will be highly internationalist or globalist in spirit and outlook ... The nation-state is gradually yielding its sovereignty ... Further progress will require greater American sacrifices. More intensive efforts to shape a new world monetary structure will have to be undertaken, with some consequent risk to the present relatively favorable American position.'*

Obama has been the chosen one for a long time, a fact known only to a few in the deep inner circle, and his relationship with Brzezinski almost certainly goes back to the start of the 1980s when he attended the Ivy League, and big-time Illuminati, Columbia University where Brzezinski was head of the Institute for Communist Affairs. Obama simply will not talk in any detail about this period. He has been covertly funded and supported ever since by the Trilateral Commission and its network of foundations connecting into the Ford Foundation, for whom Obama's mother worked.

The sources of Obama funding read like a Wall Street Who's Who - Goldman Sachs, UBS, Citigroup, Credit Suisse, Deutsche Bank, J.P. Morgan Chase, Morgan Stanley, and so on. No wonder he went back on his pledge to accept the limitations of public funding for his campaign and instead took the no-limit option of 'private' funding.

And those people are going to support a candidate who does not represent their best interests?? Oh *please*.

His financial advisors are straight from the Wall Street 'A' list, including Paul Adolph Volker (Trilateral Commission, Council on Foreign Relations, Bilderberg Group), the head of the Federal Reserve from 1979 to 1987 and Illuminati to his fingertips.

Obama has made him head of the Economic Recovery Advisory Board, which is dominated by insiders, including its staff director and chief economist, Austan Goolsbee, a close Obama associate from the University of Chicago. Goolsbee is an initiate of the infamous Illuminati Skull and Bones Society at Yale University, which also includes Boy and Father Bush. It was Goolsbee who told the Canadian government not to worry about Obama's attacks on the economic effects of 'free trade' agreements because his words were just to win votes in the election campaign.

Another Wall Street insider, the Zionist Timothy Geithner (Bilderberg Group, Trilateral Commission, Council on Foreign Relations), was appointed by Obama to be his Treasury Secretary. Geithner was the President of the New York Federal Reserve Bank, the most powerful in the private 'Federal' Reserve cartel that masquerades as America's 'central bank', and he is a former employee of both the Council on Foreign Relations and the appalling Kissinger Associates.

Obama's Treasury team locks into the inner circle around the Zionist Robert Rubin, the Director and Senior Counselor of Citigroup, co-chairman of the Council on Foreign Relations, and economic advisor to Obama. Rubin, a member of the Illuminati Bilderberg Group, was the man behind Citigroup's strategy of expanding its risk in debt markets which forced it to be rescued by taxpayers' money.

The very people who caused the financial crisis are being appointed by Obama to decide how to respond to it (more taxpayers' money for them and their friends).

Oh dear Oprah, how will you cope when reality dawns? But, then, will it ever??

*'What? You mean you're not the Lord??'*

I don't want to be the bringer of bad news or the thwarter of dreams, but honesty demands it. The man is a trickster controlled by supertricksters. A sock puppet controlled by bigger sock puppets who serve an even greater and darker evil. To his masters, Obama is just a means to an end and if it suits them to assassinate him to trigger civil war and upheaval in the United States then that is what they will do.
